2. **Advocate for energy transition**
3. **Youth Enabler**

**My background and what I can bring to CCI FRANCE UAE services and activities:**

I am currently serving as the President of Schneider Electric in the Gulf region; I have been privileged to witness the remarkable growth and potential of our business landscape. For over twenty years, I've been deeply involved in the **energy and innovation sectors**. I've gained a **solid experience in the GCC countries** and have been active in initiatives like **RES4Africa**, foundation with a resolute dedication to supporting Africa's energy transition and achieving Sustainable Development. My objective is to **bring this same energy, contribution, and vision to the French Chamber of Commerce in Dubai**. I strongly believe in the **power of partnerships** together and networking in the business world, and in the importance of the **sustainability and empowerment, especially for young talents and women**. I'm convinced that these pillars should be placed at the heart of our collective strategy to ensure long term growth and success.

Based on my extensive corporate and regional experience and being a female leader in a leading energy management and automation French organization in the region here, dedicated to the enablement of successful businesses and partnerships, I believe that I can contribute progressively to creating a **dynamic and inclusive platform that supports not only large corporations but also promotes SMEs, entrepreneurs, and startups, through harmonizing efforts** alongside the esteemed board members and overall members of CCI France UAE.
