My activity in 4 words:

1. Representation
2. Strategy
3. Developpment
4. Leadership

My background and what I can bring to CCI FRANCE UAE services and activities:

I spent 20 years of my career in the energy sector and got the opportunity to have many experiences in different countries around the globe. This probably gave me this open-mind spirit, gave me comfort to management changes, and led me to be at ease in term of multicultural management. That's what I want to bring to the chamber.

My added value in the Board:

At ease with people, I'll bring my good mood, my network in the region but also the French EDF network, as well as my experience in big companies and the associated good practices.

Why you should vote for me:

Everyone at his level should contribute to the planet protection. I'm doing it at my individual and personal level and would like to impulse it at the CCI level too.

I'm also pro-communication, promote cooperations and do think we're stronger as a team. This is the mindset I like to impulse in my day to day professional life

This is 2 good reasons to vote for me
