4. SMART SYSTEMS / IOT

My background and what I can bring to CCI FRANCE UAE services and activities:

I bring to the table a wealth of 29 years of professional expertise, having served in a global corporation that was founded in France in 1881. This company is a leader in providing materials and services to various sectors including energies, construction, water, mining, and infrastructure. Through regular engagement with end users, consultants, and contractors across these industries, I have cultivated an extensive network and contact list.

My journey has been predominantly anchored in the Middle East, where I have resided for over 23 years, including a 20-year tenure in the UAE. My time has been split between living in both Dubai and Abu Dhabi, enriching my regional understanding. With this extensive background, I am poised to contribute significantly to the CCI France UAE by leveraging my experience to attract new members, foster relationships, and organize events with key local stakeholders.

My added value in the Board:

I have been fortunate to actively participate in what was once known as the French Business Group of Abu Dhabi. Following the amalgamation of the Dubai and Abu Dhabi chambers into the CCI France UAE, I have been steadfast in my commitment to nurturing the sectoral committees. My involvement has been pivotal, serving on the core team that has been key in brainstorming and organizing events for our members. This unwavering commitment led to my appointment to the most recent board, where I have invested considerable time in attending meetings, contributing innovative ideas, and serving as a representative at various gatherings and events. My unique position, working within the Jebel Ali Free Zone close to Dubai while residing in Abu Dhabi, positions me as the perfect conduit between the two branches of the chamber. Therefore, my contribution to the board is characterized by my experience, my unwavering dedication and creative vision to further expand the chamber's influence and reach.

Why you should vote for me:

- **Deep-rooted understanding** of the local landscape
- **Consistently reachable** and approachable
- **Expansive connections** across a multitude of sectors and industries within the Emirates and further afield
- **Driven to expand** the chamber's presence and visibility
- **Eager to assist members** in amplifying their regional business operations
- **Demonstrated loyalty and devotion** to the CCI France UAE's mission and activities
