Pierre Cheyron

ENGIE

My activity in 4 words:

1. Energy Transition
2. Sustainability
3. AMEA (Africa, Middle-East and Asia)
4. B2B

My background and what I can bring to CCI FRANCE UAE services and activities:

I am a 50 year-old French engineer, born and raised in the south-west of France... And I spent more than 20 years of my professional life in managerial positions outside of France, in various countries in the AMEA region: India, Malaysia, Singapore and finally the UAE for the past 1.5 years.

I am currently overseeing ENGIE's Energy Solutions activities for the AMEA region, where our business is essentially around helping cities and companies decarbonizing their activities.

Thanks to my background, I think I can bring to CCI's members and teams:

- 1) my strong knowledge of doing business overseas
- 2) my expertise in energy transition and sustainability issues and the specific challenges they present for companies of all sizes in this region
- 3) A real passion for working in a multi-cultural environment and sharing my experience to help others

My added value in the Board:

I have always been involved in the CCI's network, in every country I worked: in Malaysia, where I was at the board for 10 years (including 4 as president), in Singapore (4 years at the board) and now at the board of CCIFI in Paris, as treasurer of the organization.

I can therefore bring a double vision/experience:

- The local view and knowledge of all the daily activities of a chamber in a country
- The global vision of the CCIFI network and its political implications

This gives me an excellent knowledge of what a CCI's board member role requires, both in terms of helping, steering and representing the Chamber's locally, as well as defending its interests towards Paris stakeholders and ecosystem.

Why you should vote for me:

I am a true believer in the value a CCI such as CCI France UAE brings to all our businesses, and to bilateral trade in general. I will therefore support and defend the CCI in its initiatives and growth, and you can count on me to not spare my time and energy in this exciting mission.

Together with the newly elected board, I will be at the service of the CCI's team and members for guidance and help, while ensuring some continuity in the long term strategy implemented by the previous board.
