3. Business Strategy
4. Energy Investments

My background and what I can bring to CCI FRANCE UAE services and activities:

My professional journey is marked by over 17 years of international experience within French Energy Majors, enriched by a solid academic foundation from two of leading engineering schools and an Executive MBA from HEC Paris.

Throughout my career, I have addressed the multifaceted challenges of the energy sector, from innovative R&D initiatives to corporate strategy, and from business development to negotiating joint venture contracts. This extensive exposure has equipped me with a deep understanding of the energy landscape, both from a technical and economic standpoint, as well as a strategic perspective.

As a key member of TotalEnergies' corporate strategy team, I actively contributed to the company's strategic evolution from Total to TotalEnergies, embracing the nuances of a pragmatic energy transition. Before initiating my own venture, I was part of OVHCloud team of director, where I managed their energy and sustainability initiatives.

My experience is a testament to my ability to adapt and lead in times of change, aligning with the global shift towards sustainable solutions.

I am excited about the opportunity to contribute to CCI FRANCE UAE, where I can leverage my expertise to enhance the services and activities of the chamber. My goal is to foster innovation, collaboration, and sustainable growth within the UAE's vibrant energy sector, aligning with CCI's mission to support French businesses and promote bilateral trade relations.

My added value in the Board:

My tenure in the UAE has been a catalyst for my entrepreneurial journey. I founded an advisory firm dedicated to accelerating sustainable transformation by guiding corporations on strategic roadmaps and advising investors on optimal investments for transition.

This entrepreneurial spirit and commitment to sustainability enriched by corporate acumen, are the distinct assets I would bring to the board.

Your vote for me is a vote for trustworthy leadership and effective negotiation. Recognized for my integrity and ability to foster a positive team environment, I excel in creating conditions that nurture confidence and innovation.
