TECH4GOOD 2024

5th EDITION !

<https://www.lafrenchtechseoul.com/>

In partnership with  **FKCCI**
한불상공회의소

WHY TECH4GOOD ?

Recent emergent technological innovations in different fields gave unprecedented opportunities to shape a better world and solve social, economic, and environmental challenges. Our world is hit by an unprecedented global pandemic and inflation crisis that will have lasting social and economic consequences. That is why innovation and global cooperation are now even more crucial.

It is Tech4Good's mission of the Year 2024 to highlight even more that impactful solutions and global cooperation have become a priority!

What's Tech4Good 2024?

Following the successful editions from 2019 to 2023, **La French Tech Seoul** is now organizing the 5th installment of the event in partnership with the French-Korean Chamber of Commerce and Industry (FKCCI). **The Tech4Good Tour 2024** is scheduled to take place from **October 21th to 25th, 2024**.

GOALS & OBJECTIVES

The primary goal of the event is to **introduce the Korean tech startup ecosystem to a delegation of French startups** and facilitate **meaningful exchanges** between the French and Korean tech industries. This initiative will provide a wide array of **activities** and **opportunities** for **collaboration** between the two communities.

Create opportunities for **learning, sharing knowledge, and exchanging best practices** between the French and Korean startup ecosystems. Additionally, facilitate networking between businesses in two countries.

Actively support **impactful actions** that address social, economic, and environmental challenges by mobilizing startups and engaging institutional stakeholders.

Enhance the **visibility** of the French and Korean tech ecosystems and promote recognition and knowledge-sharing among global French Tech Communities.

WHY PARTICIPATING IN TECH4GOOD TOUR?

Over 10 French startups will visit Korea to establish direct connections with local stakeholders such as startups, investors and accelerators. Additionally, they will meet with representatives from the French Tech communities in the Asia-Pacific region to foster collaboration and promote both the French and Korean Tech ecosystems as international, open and attractive hubs. The selection of French startups for this program will be made through a call for applications.

SEMINARS

Let's talk about the key issues within the French and Korean tech ecosystems and share our knowledge and best practices.

FIELD VISIT

Let's check the Korean startup scene, gaining invaluable insights and a deeper understanding of real-world challenges and opportunities.

KES - 2024 TECH4GOOD SUMMIT

Let's discuss about the French Tech and opportunities in Korea through conferences and panel discussions at a major global startup fair in Seoul.

NETWORKING

Let's meet key stakeholders in both the French and Korean startup ecosystems to establish valuable connections.

B2B MEETING

Let's seek tangible business opportunities with potential partners or investors through meetings.

PITCH CONTEST

Let's have a chance to shine by holding a pitch contest to enhance visibility and take rewards for innovative ideas and solutions.

Korea's tech sector

Dive into the fascinating world of tech in Korea, one of the world's most dynamic and innovative markets. This webinar will introduce you to the latest trends, emerging start-ups and tech giants that are shaping the future. Explore the opportunities for collaboration and the secrets of success in this leading tech hub.

Legislation and intellectual property

Navigating the Korean legal landscape can be complex, but is essential for any company wishing to establish itself in this market. This webinar will focus on the crucial aspects of legislation and intellectual property protection in Korea. Learn best practices for securing your innovations and avoiding legal pitfalls, with insights from local expert.

The art of the Korean pitch

Master the art of the Korean pitch, an essential skill for success in the Korean business world. This webinar will teach you how to adapt your presentation to capture the attention of Korean investors and partners. Discover the cultural nuances, specific expectations and effective techniques to make your project stand out and convince your audience.

Pitch Practice & Coaching

This webinar includes a hands-on coaching session where companies will practice their Korean-style sales and investment pitches. Participants will present their adapted pitches and receive personalized feedback, helping them refine their skills. This practical approach aims to boost their ability to effectively engage and convince Korean investors and partners.

When: Between August and October 2024 / 5 webinars sessions program
