# NIHONBASHI: WHERE TRADITION MEETS MODERNITY

Nihonbashi, Tokyo, has been at the center of history, culture, and commerce for over 400 years. Capitalizing on its Edo traditions, the area has seen recent developments reinforce its position as a vibrant hub of business, shopping and dining. Located just five minutes on foot from Tokyo Station and ten minutes on foot from the Imperial Palace, it is the ideal destination for all your business gatherings.

"I organized an exhibition in l'Espace@CCIFJ. It's a space with a very convenient access in the center of Nihonbashi and has a very warm atmosphere where we could exhibit many of our different leathers. Many members of the CCI France Japon attended this exhibition which was an opportunity to make them know about our brand and our products. It was a great opportunity, for which I am grateful."  
**Toshihiro Tajiri, CEO Kyoto leather**

"Last January, we organized a press conference and launching party for Perrier water at l'Espace@CCIFJ. For us, it was a natural choice as the location is super convenient, the equipments are perfect, and it offers street level access for the guests, which is unique. The team at the CCIFJ was incredibly supportive and professional. We would highly recommend using l'Espace for your next event!"
