OUR PROCESS

As soon as we are appointed, our team works in close contact with the hiring manager in order to handle full or part of the recruitment process including:

1

Close study of the context and requirements to draft the description of the position and ideal candidate profile.

2

Expert guidance on HR topics such as Visa, salaries, profiles and mobility.

3

Comprehensive sourcing strategy that covers standard forms as well as innovative solutions based on a combination of the following:

- Our database of 7000+ local and international talents located in Singapore and APAC
- More than 10 general and industry-specific job portals
- Partnerships with local Universities and Business Schools
- Our great network and referrals to reveal untapped talent market

4

Interviews and selection of the Top candidates.

5

Tailor-made follow-up: Interview feed-back, salary negotiation, employment contract, onboarding success, etc.
