## My Dream Adventures launches its new website

My Dream Adventures, travel agency specialist of custom made itineraries in Australia, New Zealand and Fiji has launched a new website.

For more than 3 years, the boutique travel agency has been creating personalised and unique travel itineraries in Australia, New Zealand and Fiji, catering for families, couples, single travellers and groups of friends.

Their <u>new website</u> reflects their expertise and passion for these destinations by providing inspiration for eager travellers, but also highlighting their <u>specific way of crafting itineraries</u> with a strong <u>conscious travel</u> commitment.

My Dream Adventures offers pre-made and custom-made packages with their unique Insider's tips and a real transparency guarantee, more than ever essential in today's travelling circumstances.

Visitors can <u>browse through these packages online</u> and then contact My Dream Adventures' travel experts to plan their very own custom-made adventure.

Aside from packages, My Dream Adventures can also advise and book experiences, accommodations or <u>vehicles</u> (cars, campervans and 4WD) à la carte.

With this new website, My Dream Adventures wants to entice responsible travellers to explore its destinations, feel the lands they visit and connect with the people they encounter.
