

# IRELAND AND THE EU 2020

This infographic illustrates the results of a RED C opinion poll, commissioned by European Movement Ireland to ascertain the views of Irish people on a variety of topics related to Irish-EU relations.

The poll was conducted between the dates 20 - 25 March 2020 among a representative sample of 1,062 people aged 18 and over from across the country. An online panel, chosen randomly, were asked by RED C to Agree Strongly, Agree Slightly, Disagree Strongly or Disagree Slightly with 13 statements. We have grouped responses into Agree and Disagree, and have included when respondents said Don't Know.
