

## Rugby World Cup 2023, live the world sporting event at Stade de France!

In 2023, France will once again be the centre of the rugby world while organising the 10th Rugby World Cup.

Stade de France will have a special place in this great rugby festival. 10 of the most prestigious matches of Rugby World Cup France 2023 will take place on the turf of the largest stadium in France: the opening match between France and New Zealand, two of Ireland's group matches against South Africa and Scotland, two quarter-finals, both semi-finals and the final.

> DISCOVER

This is a great opportunity for your company to gather its business contacts around the emblematic values of rugby and to celebrate the links that unite your company and its partners.

To this end, France 2023 Organising Committee has established an innovative strategy to design and organise its Official Hospitality during this event, highlighting the French art of living: refinement, conviviality and sharing. From the food to the reception areas, everything will be designed so that you can experience an intense moment with your guests and forge unforgettable links with them.

### The final sprint is on!

From the moment the Official Hospitality sales were launched, many companies have seen this competition as a unique opportunity to build strong links with their business contacts. So much so that many VIP products are already sold out.

With less than one year to go before Rugby World Cup France 2023, the final sprint is on if you want to watch the best of world rugby in exceptional conditions.

Stade de France has been appointed the exclusive operator of the **Official Hospitality** taking place in its stadium. So, to experience these 10 matches in exceptional conditions, our sales team is at your disposal to create an offer adapted to your objectives and your budget.
