

Dear Exhibitor,

we would like to invite you to participate in the European Job Days - [New Destinations for French Skills](#) to recruit in Belgium, the Netherlands, Poland and Czech Republic.

It is a recruitment event connecting employers and skilled professionals from different sectors (IT, customer service, technical or industrial engineering and many more) with suitable candidates. It can also be great support for your HR and marketing team.

Are you struggling to meet your recruitment needs?

This will be a fantastic opportunity to promote your job vacancies across Europe. Taking part in [New Destinations for French Skills](#) means that your company has the chance to [register an exhibitor account](#) (if it doesn't have one already), publish and manage job vacancies, conduct private online chats with candidates or meet some of them onsite during the second day as well.

On 24 April you can present your company to jobseekers during a conference and have it streamed on the platform if you wish. You can participate both - online and onsite.

During the first day, you will also have an opportunity to interact with the candidates and find the best ones.

The online nature of the event offers maximum flexibility, giving you the chance to contact jobseekers from all over Europe!

The benefits of the online event:

- Participation is free of charge.
- Your company profile will receive widespread international attention (you can also add a link to your company video in the company profile).
- Open vacancies will be promoted before and after the event.
- You can collect applications beforehand.
- Jobseekers can be engaged in direct conversation.
- Interviews can be booked to take place during the event (either via Skype or our live chat tool).
