

Regional Industry Summit 2024: Co-organized by Indo French Chamber of Commerce & Industry (IFCCI), Indo German Chamber of Commerce (IGCC) & Data Security Council of India (DSCI)

Date: 5th September 2024

Indo-French Chamber of Commerce & Industry (IFCCI), along with Indo – German Chamber of Commerce (IGCC) and Data Security Council of India (DSCI) co-organized a Regional Industry Summit on 5th September 2024 in Pune.

This was a one-of-a-kind event organized with three associations coming together to bring the entire industry ecosystem into one place. It was a pleasure to see such a distinguished gathering of industry leaders, experts, and innovators under one roof.

The event brought together 500+ delegates, featuring 40+ thought leaders and industry experts across 20+ engaging sessions. The diverse lineup of 30+ exhibitors showcased cutting-edge solutions, creating valuable networking opportunities for all attendees.

Ms. **Shweta Pahuja**, Regional Director for the Western Region, IFCCI delivered the opening remarks setting the tone for a day of innovation and insightful discussions.

The summit was inaugurated by Ms. **Payal Kanwar**, Director General of IFCCI, and Mr. **Stefan Halusa**, Director General of IGCC. Their welcome remarks emphasized the importance of industry collaboration and the role of such partnerships in shaping a sustainable future.

Key Sessions:

Among the many highlights of the event, Mr. Vinayak Godse, CEO of DSCI, delivered an impactful session on the State of Quantum Computing, exploring its transformative potential and its role in reshaping industries. This session attracted widespread attention for its cutting-edge insights into the future of quantum technology and its applications in real-world scenarios.

The CXO Panel emphasized that, with rapid technological advancements, staying ahead of the curve is more crucial than ever. The session explored the intersection of cutting-edge technology, international trends, and regulatory frameworks and offered insights into how businesses can navigate these complexities to drive innovation and growth.

The three pillars of this summit - Technology, Thought Leadership & Core Industry covered sustainability, skill development, diversity & inclusion, global compliance and lot more that reflects our shared commitment to driving innovation while staying aligned with global standards. These are not just industry buzzwords; they are the pillars upon which the future of businesses will be built.

The ideas, strategies, and connections that emerged from the discussions have the potential to not only transform businesses but also contribute to a better world.

Thematic Coverage and Networking:

The event covered a diverse range of topics, with 20+ sessions addressing the most pressing industry challenges, including sustainability, technology innovation, and global dynamics. Exhibitors brought innovative solutions to the forefront, offering delegates the chance to engage directly with industry-leading companies.

Key discussions spanned vital areas such as:

- Navigating the Future: Tech, Regulatory & Global Dynamics
- State of Quantum Computing
- Sustainability: Aligning with CBAM Requirements
- Emerging Tech in Metrology and Additive Manufacturing
- Supply Chain Complexities & Semiconductor Challenges
- GenAI in Industrial Product Design & Explainable AI in Financial Services
- India Economic Outlook and Upcoming Trends
- GCC Set-up & Growth
- Alternate Fuels – Hype vs Reality
- NextGen Analytics
- Practicing Inclusivity

The summit concluded on a note of optimism, with numerous actionable insights emerging from the discussions. We thank all our partners, speakers, and delegates for making the Regional Industry Summit 2024 a huge success. The event has sparked new ideas and fostered connections that will undoubtedly have a lasting impact on the industry and contribute to a more sustainable and innovative future.

We look forward to more such successful collaborations and continued engagement in the years to come.
