

SOLUSTA

EST. 2016

i SOLUSTA is the leading talent agency in Qatar established in 2016
Our services are built around two essential components of every event:

- Talent Management Solution (TMS) for event assistance
- Events Registration System Solution (ERSS) and related services

We provide professional assistance to event organisers during:

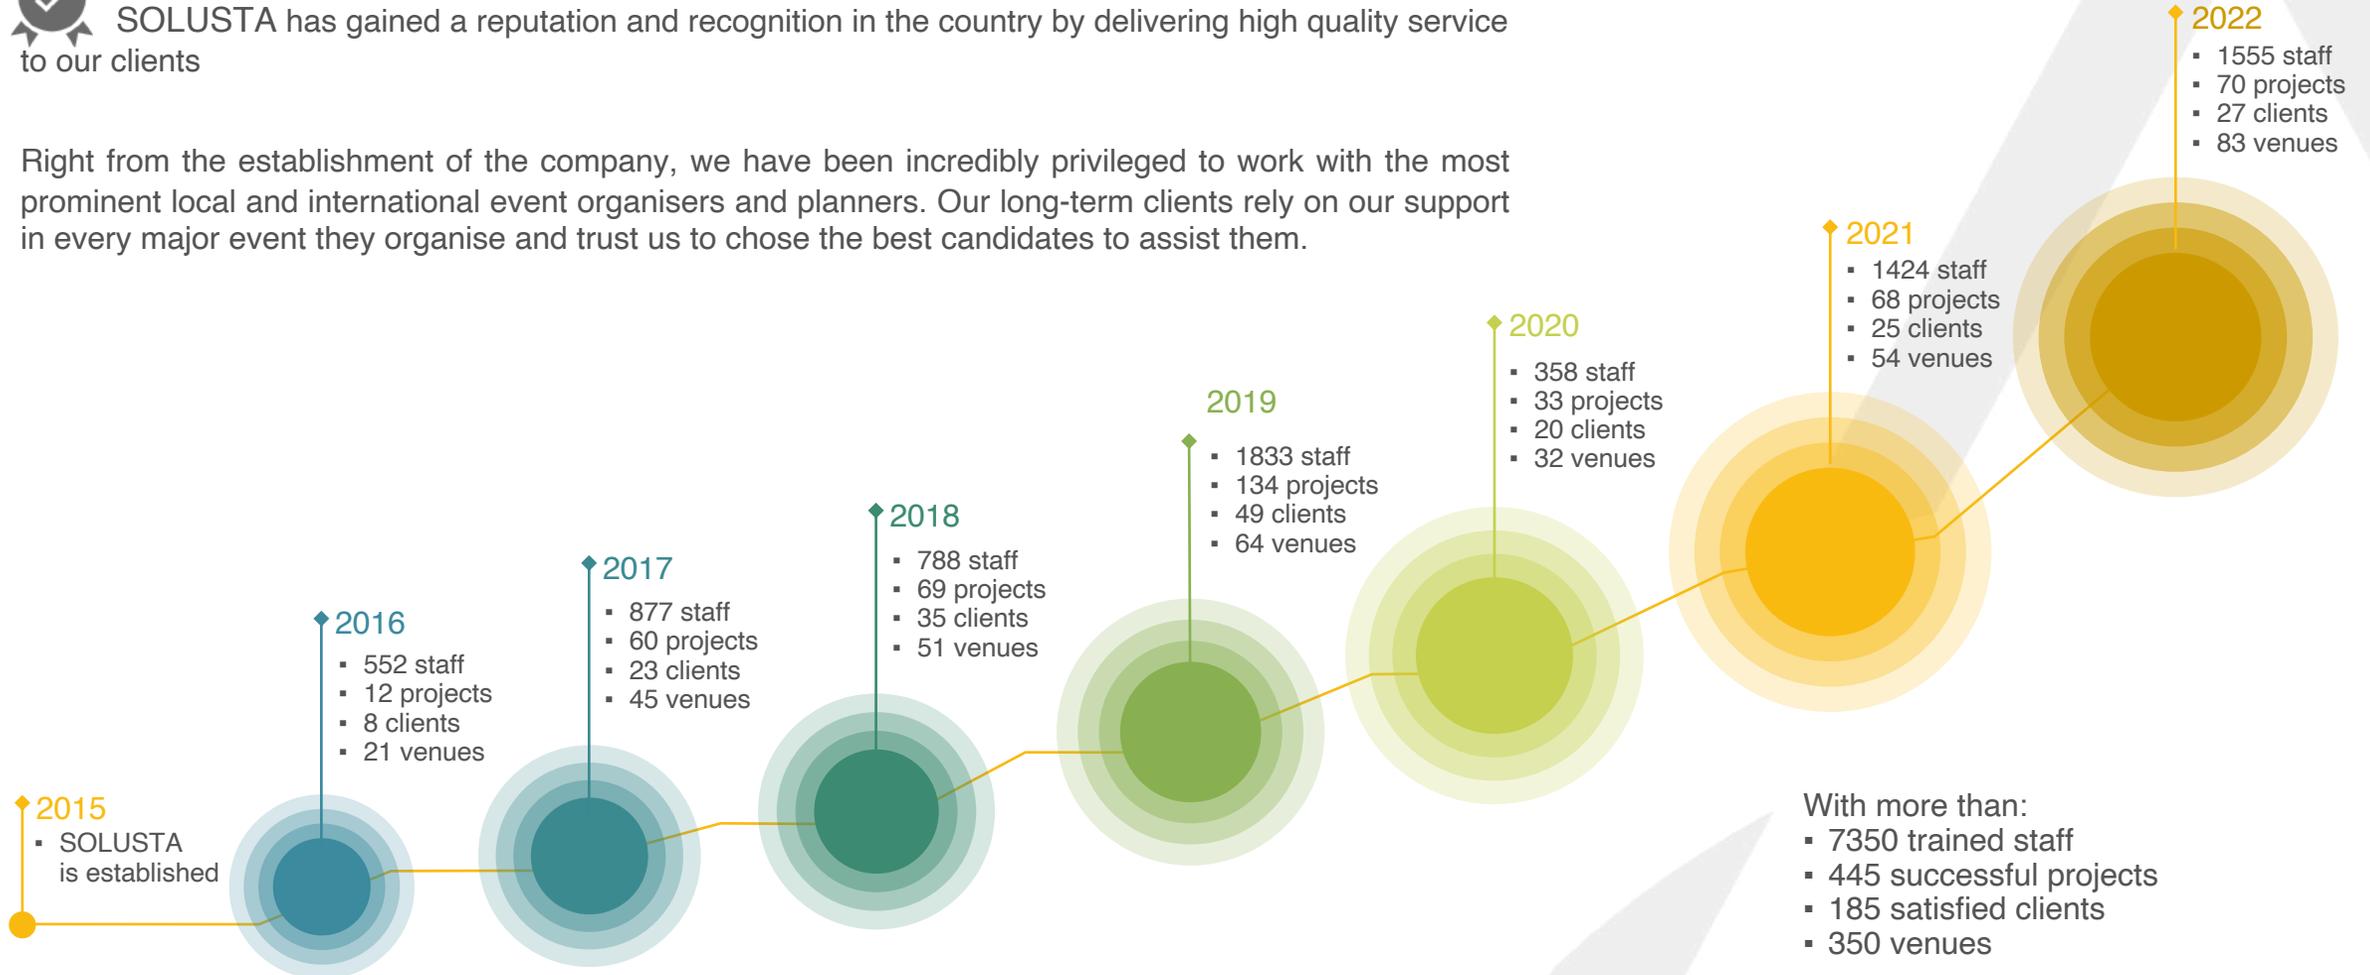

- Exhibitions & Trade shows
- Opening ceremonies
- Sports events & Fan zones
- Scientific conferences
- Entertainment events
- Accreditations

SOLUSTA has gained a reputation and recognition in the country by delivering high quality service to our clients

Right from the establishment of the company, we have been incredibly privileged to work with the most prominent local and international event organisers and planners. Our long-term clients rely on our support in every major event they organise and trust us to chose the best candidates to assist them.

With more than:

- 7350 trained staff
- 445 successful projects
- 185 satisfied clients
- 350 venues

We continue our journey to 2023

Our customised software solutions and service packages are tailored to suit any client requirements.

Event Registration System Solution (ERSS) and related services

We can support you by providing online & onsite registration system for all categories of participants of your event. As part of our full-solution package we also provide all the necessary hardware equipment and materials, feedback gathering via electronic surveys and post-event analysis report.

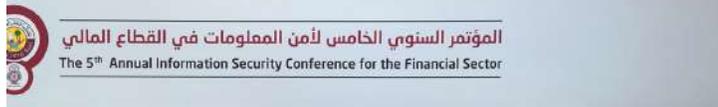

Our team responsible for data collection has undergone thorough training to acquire proper skills for making the registration experience effortless and prompt.

Talent Management Solution (TMS) for welcoming and way finding

We maintain an extensive database of talents from various nationalities. Our hosts and hostesses are recruited through strict selective process, which guarantees highest level of guest experience and service quality.

The welcoming team is dedicated to assist organisers by greeting and guiding their guests, providing relevant information, managing event activities and much more.

REGISTRATION FEATURES

Some of the key elements of our ERSS are:

- Registration software (Online & Onsite)
- Hardware Equipment (Computers, printers, tablets & hand-held scanning devices)
- Tech Support during the event
- Printed materials (lanyards, badges, pouches, etc.)
- Trained registration team for data-entry

- LDC - UN Conference 2023
- Shop Qatar 2023
- Global Security Forum 2023

 SOLUSTA TEAM

We provide professionally trained hostesses and registration crew, as well as complete management for them.

Each team has a dedicated supervisor assigned to operate as a focal point between the organiser of the event and participants of our team.

Every person in our talent database is represented by a profile. Since the beginning of 2021 Solusta has introduced a new all-in-one project management tool, which is a web-based software accessible on every device. It allows the talents from our database to apply for positions required in the event with a click of a button.

Our clients can then view and approve the applicants through their own online profile in order to select the most suitable candidates for their event.
