

TGRE 25 Press Release

Subject: The Green Real Estate 2025 – Join Us in Bangkok on May 29th, 2025

We are thrilled to announce the fourth edition of **The Green Real Estate**, taking place on **May 29th, 2025, in Bangkok!**

This exclusive, invitation-only event is designed to create an ecosystem for accelerating **Thailand and ASEAN's transition to sustainable, decarbonized, and climate-resilient cities**. By bridging the gap between traditionally disconnected stakeholders in the building value chain, we aim to showcase the **business case for sustainable built developments** and drive impactful discussions that shape the future of the industry.

Why Attend?

- ★ Understand the **local green building landscape and the regulations and incentives** shaping the sector's decarbonization
- ★ Learn from **top developers, investors, and experts** who have successfully integrated sustainability into their projects.
- ★ Connect with **decision-makers across the built environment** – from urban planners and architects to financiers and policymakers. ★ Gain insights into the latest **green finance mechanisms**, green loans, and financial incentives driving sustainable real estate.
- ★ Discover **innovative technologies and strategies** for reducing carbon emissions and enhancing building resilience.
- ★ Explore **real-world applications shared by developers and designers** who have implemented high environmental performance projects in Thailand.

Who Is It For?

- Property developers and investors
- Financial institutions and green loan providers
- Sustainability and ESG professionals
- Architects, engineers, and designers
- Product, material and technology suppliers
- Corporate real estate managers and tenants committed to sustainable spaces

Program Highlights:

- **Keynote Speech** from leading figure in sustainable urban development

WHEN SAVING THE PLANET MAKES BUSINESS SENSE

www.greendesignconsulting.com

- **Panel Discussions** on financing the green transition, scaling net-zero buildings and regulatory trends
- **Project Showcase** of a prominent sustainable project in Thailand
- **Interactive Ask the Expert Roundtables** on practical green building implications, project implementation and knowledge sharing provided by experts in their field
- **Networking Opportunities** with industry leaders and change-makers

Announcing our Project Showcase Panel

Presented by **Ducati, Archetype, and GBCE**, this session unveils the journey behind **Ducati's LEED-certified facility in Thailand**. Learn about the challenges, impacts, and coordination strategies that brought this sustainable building to life.
