OUR BELIEF

Energy is life.
We all need it
and it's a source of progress.
So today, to contribute to
the sustainable development of the planet
facing the climate challenge,
We are moving forward, together,
towards new energies.

Energy is reinventing itself,
and this energy journey is ours.

Our ambition is to be a world-class player
in the energy transition.

That is why

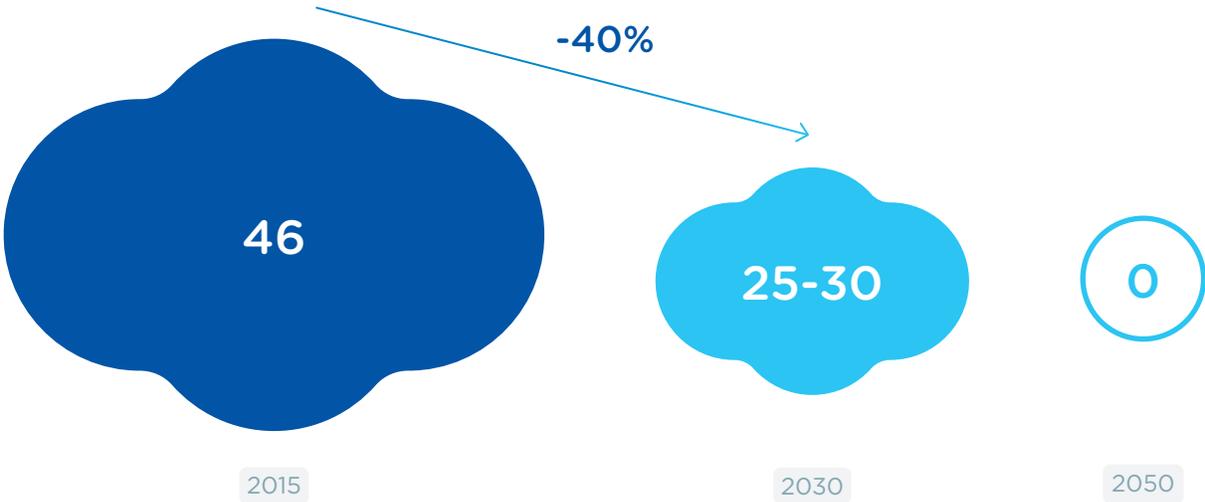

**Total is transforming
and becoming TotalEnergies.**

OUR NEW IDENTITY

TotalEnergies

The logo

→ The T and the E of TotalEnergies draw a symbol, the energy journey.

The name

→ TotalEnergies is a single name, in the plural, for all energies and all talents. The typography draws this word in a non-breaking manner.

The journey

→ It is a journey, a path whose course is in motion. It starts from our origin, Total, and leads to the new TotalEnergies brand.

The colours

→ There are 7 colours, for as many energies. We go from one colour to another, from one energy to another. Red, the brand's historic colour, is the starting point for this transformation.
