

We invite you and your experts in information technologies and security to the **kick-off meeting of the FSCC working group:**

CYBER SECURITY AND ARTIFICIAL INTELLIGENCE

**on Thursday, Oct. 17, 2024 at 9:00 AM
in the FSCC office, Klariská 14, Bratislava**

The first meeting will focus on current topics in cyber security and upcoming legislative changes brought by (but not only) the **NIS2 Directive** and the **amendment to the Slovak Cybersecurity Act**.

TOPICS

- ✓ What are the most common myths or misunderstandings regarding the new regulation
 - ✓ How to find out if the new regulation applies to you and what your initial obligations are
 - ✓ What are the upcoming new regulatory requirements and security measures
 - ✓ What are the latest solutions you can use to prepare for the implementation of the new regulatory requirements
- 👍 Discussion on your questions and practical recommendations for implementing the legislation in practice.

We will discuss with experts in cyber security:

Michal Rampášek

A collaborating attorney at a law office PETERKA & PARTNERS and simultaneously a PhD candidate at the Faculty of Law at Comenius University in Bratislava, where he also teaches at the Institute of Information Technology Law and Intellectual Property Law. In his practice, he focuses on information and communication technology law and cybersecurity law. He is a member of ISACA Slovakia Chapter and a certified Cybersecurity Manager (MKB/035/O-024).

Peter Suchý

He currently works as Head of Cyber Security & Monitoring within the company Axians Slovakia (member of the group VINCI Energies), with a focus on consulting, solutions and services in the field of cybersecurity and network and application monitoring. He has over 25 years of experience in the delivery and provision of ICT services in Slovakia and the Czech Republic.
