# 2026 Membership Benefits

**01** French Chamber Taiwan aims to offer networking opportunities through large *signature events and tailor-made gathering workshops, and trainings*.

We enable business connections within the French / international-minded local community in Taiwan by providing business centre services, networking and cultural events, and access to the government

**02** We are always proud to share news from our members, whether it's to promote your upcoming event or services. We will help you to spread the word through our *social media platforms and our newsletter*.

**03** *Sustainability* takes its form in the social, environmental and governance. We strive to work with our community to minimize global carbon footprints and enhance our impact whenever possible.

# Public affairs

The evening was a remarkable opportunity for key members of the French Chamber Taiwan community to engage in high-level discussions on Taiwan's economic outlook, industrial innovation, and global partnerships.

During his keynote address, Minister Lin presented key insights from the AI Strategy for Democracy (2025). He emphasized that AI represents both humanity's greatest achievement and its greatest risk.

# 09/09 Silicon Night

French Silicon Night is an exclusive networking dinner that spotlights French semiconductor innovation. Designed to move “From Complementarity to Partnerships,” it connects leading Taiwanese investors and corporates with nine French Pavilion exhibitors and five standout startups curated by the State Secretary for Digital Affairs.

Let the Taiwan investment ecosystem discover French innovation.

## 09/10-12 Semicon Taiwan

The Pavilion showcased the innovation and excellence of 9 French companies in semiconductors and advanced technologies.

Our Chairwoman and General Manager with Senator Olivier Cadic

This momentum highlights the growing interest in French innovation and the strong bridges being built between France and Taiwan.

# ESG TALKs

## Our Commitment to CSR and Sustainability

The significance of Environmental, Social and Governance (ESG) in future businesses and investment values cannot be dismissed. French Chamber Taiwan is an early advocate of ESG values.

ESG TALKs is a series designed to spotlight the importance of ESG initiatives and showcase the innovative solutions our member companies are implementing in the realm of corporate social responsibility. Dedicated to increasing awareness and understanding of ESG practices within the Taiwan-French network, this platform is for everyone to get insights from the French Chamber's member companies.

## Pride Parade in Taipei

Director of the French Office in Taipei - Franck Paris

As Team France, we gathered 220 people celebrating not only gender diversity but also the importance of inclusion and solidarity.

It was a day filled with laughter, music, and unforgettable memories, reminding us all of the progress.

Thank you to everyone who joined us in making this event so meaningful! Let's celebrate love and equality in the future!

*Look forward to having a great journey with you in the future!*
