The ITAP Voice of the Market: Thailand Digital Roadshow is happening on 19 July. This Roadshow is designed to highlight the latest trends and development in Thailand's Automation Industry. Key discussions will focus on the realization of the BCG model, and it necessitates breakthroughs in innovation, manufacturing techniques, automation, and robotics. The aim of the Forum is to also encourage Thailand's manufacturing ecosystem and its stakeholders to adopt Industry 4.0 and ultimately spur their interest and participation at ITAP2022 through interactions and interest fostered at this Forum.

MEET OUR INDUSTRY EXPERTS

Don't miss out on these great insights!
