

Business Conference: INNOVATING ENVIRONMENT

Organizers: CCIFS in collaboration with the Embassy of France

Date and location: French Embassy

Format: Conference and round tables + cocktail

Objective: The conference will bring together relevant key players from France and Serbia to discuss the future of the environment (from a macro, technological and sociological point of view), with the aim to devise solutions to the increasingly demanding challenges of providing safe and sustainable environment.

Potential topics (depending on participants):

- Long-term Carbon Management
- Accelerating the Energy Transition Through Innovation
- What is the Roadmap for Delivering a City fit for 2050?
- The Quest for Zero Waste
- Work-From-Home Sustainability: The Role of Tech and Innovation
- Redesigning urban infrastructure for interoperable, shared, and sustainable zero emission transport
- Beyond Vehicles – Delivering a Sustainable End-To-End Carbon Footprint
- Bring Climate Centre Stage in Food Production and Supply
- Is Sustainable Intensification in Agriculture Really Workable?
- etc.

Potential speakers: Companies from France and French and local companies doing business in Serbia in the following sectors: Waste and water treatment, Renewables, Air quality, Depollution, Engineering...

Audience: Serbian institutional partners (municipalities, ministry of transport, energy, environment, universities, etc.), local companies, members of the chamber.
