| 1 | PRT                              | 11    | 697,427 |

| 5 | CMA CGM                          | 3     | 144,013 |
| 6 | Société Générale                 | 1     | 63,056  |
| 7 | Faguorun · French Chamber Taiwan | 1     | 43,201  |

PRT mobilized at scale (43% of TW points). CACIB mobilized at quality — 3 of TW's top 5 teams.

#### 👤 GM & Presidents — global ranking

- Adriana Record** (Romania) 11,229 pts
- Stéphane Peden** (Faguorun · 22/22 quizz · 61 missions) GM TAIWAN 9,781 pts
- Ágnes Ducrot** (Hungary) 9,469 pts
- Anne-Christine Genouville** (Belgium) 8,423 pts
- Sanja Ivanic** (Serbia) 7,849 pts

Strong leadership-by-example signal: Taiwan's GM finished 2nd worldwide among GMs & Presidents, ahead of 3 podium chambers (HU, BE, RS).

### 🎯 Three takeaways for 2027

#### STRENGTH

##### Top-5 chamber, locked in

165 participants generated 1.39M points — 4th worldwide by total. Repeat team names ("3.0", "Le retour") show institutional muscle memory. CACIB and PRT alone outsourced half the participating chambers' full delegations.

#### OPPORTUNITY

##### Podium gap is closeable

The top 3 (UA, SK, RS) won on density, not size — Slovakia did it with 53 people. Closing 865 pts/pers means tighter team curation and sharper pushes on photo challenges, boosts and missions — not more bodies on the field.

#### WEAKNESS

##### The social wall is dead

110 likes and 6 comments from 165 participants over 4 weeks — last in the entire challenge in proportion. Romania put up 3,760 likes. A daily "post & like" prompt in week 1 of 2027 would 10x this with zero cost.
