ABOUT

Since 1899, the French-Australian Chamber of Commerce and Industry (FACCI) has been the leading French-Australian business network, representing over 550 members and engaging with more than 15,000 business professionals, academics, and key government representatives across Australia.

Our mission is to support our members – including large corporations, SMEs, and individuals – with a comprehensive platform for insight, networking, and visibility. We connect them with a dynamic and influential audience of industry leaders and decision-makers, and assist companies of all sizes with an extensive range of business services.

Through this, we aim to promote France's image in Australia by strengthening and fostering economic, commercial, and financial relations between the two countries.
