FORUM
INVEST . PARTNER . GROW

INTRODUCTION: MAKE IT IN THE EMIRATES FORUM

A collaboration between the Ministry of Industry and Advanced Technology, Abu Dhabi DED, ADNOC, and National Champions to showcase investment opportunities in the UAE and highlight the UAE's vision towards becoming a leading regional and international industrial hub

OBJECTIVES

Attract foreign and local investors to invest in the UAE's industrial sector

Highlight the UAE's attractive investment environment and showcase opportunities, incentives and enablers

Showcase national champion's (ADNOC, ADQ, Mubadala, Etisalat, EDGE, Tawazun) future demand and supply chain product requirements

SCOPE

- Promote the "Make it in the Emirates" campaign and incentives
- Announce investment opportunities based on local supply chain product demand from National Champions over the next 10 years**
- Sign offtake agreements and MoUs with investors

PROGRAM AGENDA

WHAT TO EXPECT: The Make It In The Emirates Forum program agenda has been developed to provide insights about the various incentives and investment opportunities in the UAE's manufacturing sector.

The agenda will shed light on priority sectors as well as forecasts for products that will be purchased over the next 5-10 years by some of the UAE's largest companies, **providing investors with an understanding of the potential offtake for locally manufactured products.**
