organized this summer in Paris

at Brøndby Stadium

## Preface

Dear Members, Dear Friends,

We are delighted to invite you to our annual gala dinner once again. 2024 will especially be marked by the organization of the Olympic Games in Paris this summer.

This universal event, organized exactly 100 years after the first modern games were held in Paris, is also an opportunity for many of the Chamber's member companies, some of whom are official partners of the Olympic Games, to celebrate sport.

For many years now, the Chamber has been organizing events linked to sport due to the strong link between the worlds of business and of sports, both for partnerships and for team-building events.

To celebrate sport, we will be lucky to have a number of Danish sportsmen and -women joining us this evening. For us, this gala is, above all, an opportunity to celebrate the Danish-French friendship and the talent of our member companies.

We look forward to seeing you on June 6 at Brøndby Stadium.

Yours' faithfully,

Anders Torbøl  
Chairman of the Danish-French Chamber of Commerce

## Preface

## Victorious

This year, we are delighted to co-organize the gala dinner with Victorious, created by Victor Feddersen.

Victor Feddersen's career as a top athlete is bound to render most people breathless.

He was a co-founder of “The Gold Four” and became an Olympic gold winner in 1996 and an Olympic bronze winner in 2000. The team made it to the top of the victory stand – and stayed there for more than 22 years. Across all sports “The Gold Four” is the most successful sports team in Danish sports history.

Today he is owner and CEO at Victorious where he builds and develops executive networking teams and facilitates workshops focusing on turnaround of company culture. In addition to Victorious having network groups for C-Level people, they have a big heart for the next generation of top leaders in Denmark. That is why Victorious started in 2023 to establish network teams for business talents. Young forward-looking personalities with a desire to be among the best in their profession and in management in general.

## Venue

This year, we are pleased to invite you to Brøndby Stadium.

As one of the most iconic Danish stadiums with a rich history of sports, Brøndby seemed like the obvious place to celebrate the Olympic Games. Hundreds of sport legends have played in this stadium, including, of course, Michael Laudrup himself, but also many international champions like Ronaldinho, Carlos Puyol, Fabio Cannavaro, Rudi Völler, Ian Rush, and Cristiano Ronaldo.

The dinner will be hosted in the Michael Laudrup lounge, the most prestigious lounge of the stadium.

The large size of this lounge will allow us to take in two rooms on the same floor: One to enjoy the dinner, speeches and presentations, and another with a dance floor for those of you who would like to enjoy the music after the dinner.

The lounge will offer us a fantastic view of the pitch during the entire evening.

The Chamber is very grateful to our two beverage partners, Moët Hennessy and Les Grands Chais de France, who will provide the drinks for our magnificent evening.

### Welcome drink:

As the House's signature cuvée, **Moët Impérial** is its most comprehensive and universal expression. This Champagne is a perfectly executed blend of over 200 crus, mingling the full body of pinot noir with the suppleness of Meunier and the finesse of Chardonnay. The very incarnation of balance in Champagne for over 150 years.

### Wines:

**Les Grands Chais de France** will be our wine sponsor all evening. It is the largest private wine producer in France and the largest French wine exporter, representing several proud brands. Founded in 1979 it is today a global wine and spirits merchant present in Alsace, Loire, Jura, Bordeaux, Languedoc, Bourgogne and Diois.
