

Best CSR Practice/sustainable project

Companies that have demonstrated commitment to a process to integrate social, environmental, ethical human rights and consumer concerns into their business operations and core strategy.

- A company that has successfully implemented a major project or programme in areas such as Energy Efficiency, Waste Reduction, or Water Conservation among others.
- A company that has successfully implemented a community project resulting in positive change such as poverty alleviation, better education, business growth or community engagement.
- A company that has integrated environmental performance into its sustainable development strategy and has delivered proven business benefits.
- Monetary donations to various CSR projects in the country in areas such as health institutions or the physically challenged among others.
