## ABOUT ME

Motivated and hard-working French student looking for a 2 to 3 months internship in material engineering between May 1st and July 31st 2024.

## EDUCATION AND TRAINING

01/09/2020 – CURRENT Rennes, France

**DOUBLE MASTER'S DEGREE** INSA (French public engineering school) and Sciences Po Rennes (Institute of Political Science)

INSA is a renowned engineering school which admits students on the basis of excellent academic records. It provides a full scientific education with plenty of subjects such as mathematics, chemistry, electromagnetics and computer sciences. My academic department is **Material Engineering**, where I focus on metal alloys, chemicals, electronics, composites, crystallography and more.

Sciences Po is a French called "Grande école" which is an extremely selective higher education establishment which admits students on the basis of competitive exams. It shapes students into resourceful young adults educated in economy, law, history and politics with excellent reading and writing skills (exams based on dissertations). My master's focuses on **European and global Affairs**.

**Address** 35000, Rennes, France | **Website** <http://www.sciencespo-rennes.fr/en/a-word-from-the-director.html> |

**Field of study** Engineering and political science

01/09/2016 – 30/06/2020 Vannes, France

**FRENCH BACCALAUREATE (EQUIVALENT TO A-LEVEL)** Lycée Saint Paul

Graduated high school with highest honors and a 3.8 GPA. Accepted into European - label advanced language classes : one year english and two years german.

## WORK EXPERIENCE

01/07/2022 – 31/08/2022 Prague, Czechia

**2 MONTHS - TRAINEESHIP AT THE OFFICE OF THE EXECUTIVE DIRECTOR** EUSPA - EUROPEAN UNION SPACE PROGRAM AGENCY

During my traineeship, I actively contributed to EUSPA through several missions:

- Support the Member States Observatory project by improving the file/template to present the Countries, collecting Open data on member States (e.g.: Governance, priorities, representatives, budget, Industrial capabilities), completing the missing files and updating files older than 6 months;
- Contribute to the development of a Business Continuity plan for EUSPA by reviewing the structure and content of current BCP documents, comparing them with the Agency's current mission and highlighting the elements to be updated;
- Contribute to the writing of research papers to be published at the 74th International Astronautical Congress;
- Support the development of an Information Management system for EUSPA;
- Support the action of the OED Office and the preparation of documents for the Executive Director;

- Help, support and conduct meetings;
- Implement the Agency values in the daily actions, actively contribute to the evolution of the Agency.
