Injection Molding Process Technician / Machine Setter
TBMI Hungary Kft. Isaszeg, Pest, Hungary (On-site)

Join a company where precision meets innovation

At **TBMI Hungary Kft.**, part of the French **TBI Group**, we don't just manufacture automotive parts, we shape the future of mobility with precision, reliability, and passion.

We're expanding our **Isaszeg-based production team** with a skilled **Injection Molding Technician / Machine Setter** who takes pride in quality, efficiency, and teamwork.

Your Responsibilities

- Set up, adjust, and operate **injection molding machines** according to technological instructions
- Perform **tool changes** and quickly resolve process or machine issues
- Conduct **daily maintenance, cleaning, and inspection** of machines and tools
- Monitor production quality and document process parameters
- Conduct **tool trials, start-ups, and product changeovers**
- Collaborate closely with production, maintenance, and quality teams
- Support continuous improvement and process optimization initiatives

Machines & Technologies You'll Work With

- Injection molding machines: **Arburg, Engel, Wittmann, Billion, Haitian**
- Color dosing units and temperature control systems
- Robotic systems: **Sepro, Wittmann, Arburg** (experience with programming is an advantage)
- Modern automotive manufacturing environment with high automation standards

Your Background

- Technical degree or relevant vocational qualification (mechanical/industrial)
- Minimum **3 years of experience** in injection molding or plastics manufacturing
- Strong mechanical aptitude and problem-solving mindset
- Ability to read and interpret technical drawings
- Basic knowledge of quality tools (SPC, 5S, RCA)

What We Offer

- Competitive base salary + performance-based, attendance and loyalty bonuses
- Long-term career opportunity in a stable, international group
- Continuous professional development, including new technologies and robotic systems
- Family-like atmosphere with support from experienced colleagues
- Commuting allowance / travel reimbursement
- Workwear and personal protective equipment provided

Workplace: 2117 Isaszeg, Kossuth Lajos utca 191
