Online manual "Small steps that go a long way"

Format A5

Bilingual edition: French and Serbian

Each member company of the Chamber will have a free space in the manual that should contain a description of one or more actions in the domain of sustainable development within the company. Actions should be applicable in both large and small collectives, with the idea that, in addition to examples of good practice, they serve as an inspiration to other members. Examples of actions can be: zero waste, car-sharing, energy efficiency, recycling etc...

In the description of the action, companies provide the following information:

Name of the action:

Short Description :

Steps from launch to implementation:

Possible difficulties and challenges:

Expected result:

Approximate number of words: up to 150 words per action (in Serbian). CCIFS will provide French translation.

If possible, send us one photo as well.

Also, if the company wants more visibility in the form of a separate space for advertising, please contact us for more details at office@ccfs.rs.

Deadline: 29 July 2022
