ESG TALKs

Our Commitment to CSR and Sustainability

The significance of Environmental, Social and Governance (ESG) in future businesses and investment values cannot be dismissed. French Chamber Taiwan is an early advocate of ESG values.

ESG TALKs is a series designed spotlight the importance of ESG initiatives and showcase the innovative solutions our member companies are implementing in the realm of corporate social responsibility. Dedicated to increase awareness and understanding of ESG practices within the Taiwan–French network, this platform is for everyone to get insights from the French Chamber's member companies.
