RE: APPLICATION FOR THE FTCC BOARD OF COUNSELLORS

Dear Khun Sukanya and Dear Members of the FTCC,

I am honored to submit my application for a position of Counsellor at the Franco-Thai Chamber of Commerce.

After 2 years of being one of the counsellors of the board, I am certain that my experiences will help me to endorse the FTCC's services and to ameliorate a platform for all of the FTCC members especially the ones whose interests are placed in the Eastern Economic Corridor of Thailand ("EEC").

Being based in Pattaya and in charge for the EEC Zone committee, I witness positive tendencies around the zone in several sectors, for example, aeronautic activities, real estate development and infrastructure development.

One of the main points of my candidacy is to grow importance to activities and elaborate missions of the EEC Zone Committee as it is recently created. I would like to take this opportunity to improve the EEC Zone committee to be a platform of exchange for all of our members. In respect of interests and needs of the members, the committee must enhance the sectorial development.

I would be delightful for one more time to be able to prioritize the missions of the EEC Zone Committee and to achieve the tasks that a Counsellor must handle for the benefit of the members.

Sincerely yours,
Sansanee Joyjaroen PERANDUS
