**Subject: Application for the position of French-Thai Chamber of Commerce (FTCC) Counsellor**

Dear Sir, Madam,

I am writing to express my keen interest in the position of FTCC Counsellor and to formally submit my candidacy. With a strong commitment to promoting and supporting the French business community in Thailand, both personally and through my firm, Mazars, I am eager to contribute to the continued success of the FTCC.

Having previously been an active member of the French-South African Chamber of Commerce and Industry, I bring with me a wealth of experience and enthusiasm for fostering growth and development within local business communities. As a potential Counsellor of the FTCC, I am dedicated to utilizing my expertise, vision, and international background to drive initiatives that drive collaboration, innovation, and sustainable growth.

In particular, I am excited about the prospect of contributing to the establishment of a CFO committee, which I believe will greatly benefit the FTCC and its members. Additionally, I am motivated to support the position of Treasurer, previously held by Khun Wannawat Hemachayart, and am confident in my ability to fulfill the responsibilities associated with this role effectively.

Lastly, I recognize the importance of maintaining a balanced representation of the FTCC's membership. As a young female professional, I believe that I can contribute to a more inclusive and diverse Board of Counsellors, reflecting the diverse backgrounds and perspectives within the French business community in Thailand.

I have attached my CV for your review and consideration. Thank you for considering my application. I am eager to bring my skills and enthusiasm to the FTCC and look forward to the opportunity to support its mission and objectives.

Warm regards,

Mathilde Casalta

With over a decade of experience in finance and auditing, I am a seasoned professional dedicated to driving collaborative successes. My journey in the financial industry commenced at Mazars in Paris in 2013, where I swiftly ascended to the role of Senior Manager. Specializing in the banking sector, I seized the opportunity to relocate to Mazars in Johannesburg in 2019, spearheading the growth of the banking division while overseeing audits for various financial institutions. I have also gained valuable experience in audit coordination of international clients across the African continent, which has not only enhanced my skills but also opened up exciting business opportunities for Mazars. Furthermore, my recent relocation to Bangkok has broadened my global perspective and cultural competence, enabling me to navigate diverse business landscapes with ease.
