WORK EXPERIENCE

After School Program Assistant, **International Institute of St. Louis**, St. Louis, MO

Jan 2025

*Furloughed due to limited federal funding

- Assist in the smooth functioning of the Institute's After-School Program for immigrant and refugee teens
- Supervise tutoring sessions, provide tutor and volunteer training, and serve as a supportive resource for program attendees

Intern, **World Affairs Council St. Louis**, St. Louis, MO

Aug 2024-Dec 2024

- Completed a wide variety of tasks to assist smooth functioning of the organization, including writing grant proposals, conducting research, and assisting at in-person events and fundraisers
- Welcomed and socialized with participants of the International Visitor Leadership Program

Children and Youth Services Intern, **World Relief**, Aurora, IL

June 2024-Aug 2024

- Shadowed Children and Youth Services Specialist during home visits with refugee clients
- Served as 5th grade camp counselor at the organization's annual summer camp for refugee children (led activities, encouraged English language learning skills, and provided a safe, welcoming environment for refugee children)
- Assisted in updating the agency's database with client information

Childcare and Teaching Assistant, **My English Sister**, Lyon, France

Jan 2024- May 2024

- Held weekly English learning sessions with French children aged 2-9
- Encouraged interest in English language through games and activities, as well as structured work time

Camp Counselor, Lycée Français de Chicago, Chicago, IL

July 2023-Aug 2023

- Encouraged interest in French language and culture in 12 children through initiating basic French conversations and organizing cultural activities
- Worked closely with French camp staff, resulting in a meaningful cultural exchange and elevated level of fluency

Literacy Fellow, Center for Ignatian Service, St. Louis, MO

Feb 2023-May 2023

- Assisted in leading the after-school Literacy and Robotics program at two St. Louis public elementary schools
- Enhanced literacy skills of 20 students through introducing vocabulary terms and facilitating reflective discussions
- Provided each student with an individualized learning experience by working with small groups to complete robotics activities and assessing their understanding of the literacy component of the lesson
