| fragrantisle.com | info@fragrantisle.com | (920) 847-2950 |

Our Company is the embodiment of a dream held by one of our founders, Martine Anderson. Born in France, Martine lived in the south of France and long dreamed of one day having a large, lush, lavender garden of her own. When she and her husband Edgar moved to Washington Island as young retirees, they looked for a business in which to invest, but nothing seemed to suit. Martine kept thinking that the Island was a lot like the area around Provence, so Edgar did longitudinal weather studies, took soil samples, and planted a test garden at their home, and at the home of friends Gene and Helene Meyer. The gardens grew, as did the friendship, and the dreams of creating a lavender business. As plans progressed, an untimely accident took Gene’s life, but knowing that he would have supported the venture with all his executive experience and knowledge, Helene, Martine and Edgar went forward.

Bakery:
The Baguette
History

BAKERY

La baguette

We can't talk about bakeries without mentioning La Baguette!

As the French say, «**la vie est trop courte pour manger du pain triste**» -

life is too short to eat sad bread!

Once upon a time, the French Baguette was unknown to the world. But then, in 17th Century France, it burst onto the scene and became popular thanks to clever bakers (scientists?). They were trying to make more bread with fewer ingredients. And voila! They created a long stick-like loaf, the baguette! Perfect for carrying under the arm...

Today, French Baguette has become a true symbol of France!

Now if you'll excuse me, I'm off to grab a fresh baguette and some cheese.

BON APPÉTIT!

These 5 gems offer a delightful array of pastries and baked goods to satisfy your sweet tooth! And, of course, they all have the baguette secret! Yes, we're addicted...
