

VERALLIA GROUP

At Verallia, our purpose is to re-imagine glass for a sustainable future. We want to redefine how glass is produced, reused, and recycled, to make it the world's most sustainable packaging material. We work in common cause with our customers, suppliers, and other partners across the value chain to develop new healthy and sustainable solutions for all. With around 10,000 people and 32 glass production facilities in 11 countries, we are the leading European and the third largest producer globally of glass containers for food and beverages, providing innovative, customized, and environmentally friendly solutions to more than 10,000 businesses around the world. Verallia produced more than 16 billion bottles and jars and achieved revenues of €2.5 billion in 2020.
