| TESTIMONIALS

“The French American Chamber of Commerce in San Francisco understood very well my needs and the willingness to reach out quickly to key players in the Northern California wine business.

The FACCSF found relevant people and businesses and I ended meeting 15 executives in a few days, leaving most of them with a business opportunity or a planned follow-up meeting. The time saved and the quality of the contacts is priceless, I would not hesitate to do it again for another project.”

Claude Dardant, Chief Operating Officer at Thoro Packaging

“On the recommendation of a friend, I had the opportunity to engage in a Business Booster at a very early stage of my startup. The FACCSF set up almost 10 meeting in less than a week. These meetings allowed us to anticipate our international expansion to the US and avoid some mistakes that could have cost a lot of time and money. We gained great ideas on how to improve our company and great opportunities to networking. I would do it again without hesitation.”

Gregoire Laugier, Founder and CEO of Wistand

“Making great connections in the Bay Area as a French company seeking to settle in California can be tricky. We trusted the FACCSF to build us a program so we could meet within a few days many experts and potential new clients. The FACCSF saved us time and energy so we could focus on creating new relationships with the people we met and new opportunities with the insights we gained. We strongly recommend the program!”
